COUNTY OF LEON

AFFIDAVIT OF RONALD DARBY

I, RONALD DARBY, hereby having been duly sworn and affirmed hereby state the following as true and correct:

1. My name is Ronald Darby. I am over 18 years in age. I am a resident of Leon County.
2. On December 6, 2012, I went with Chris Casher and Jameis Winston to Potbelly's. We arrived around 11:00 p.m. While there, I watched Jameis talking with a white female that had blonde hair. It appeared that the female was pursuing Jameis. In an effort to continue to hang out with Jameis she was trying to get her friend to go home with Chris Casher. As Jameis and this girl talked, she did not want him to leave.
3. Jameis Winston, Chris Casher and I decided to leave Potbelly's and the same blonde female followed us out of the club. This female did not appear intoxicated. She was able to walk out of the club, have a conversation with all of us and use her cell phone to text her friend to join us. She even got in the cab with us.
4. When we returned to our apartment building, she followed Jameis into his apartment and into his bedroom.
5. Jameis and the girl went into his bedroom. The lights were on and the door was cracked open. The door did not lock and did not close all the way because the lock was broken.
6. As the door was partially open, Chris looked through the opening and we could see her giving Jameis oral sex. Chris continued to watch Jameis and the girl through the cracked door. He was playing jokes on Jameis and trying to embarrass Jameis. Chris walked in Jameis' room and the girl told Chris to get out. She then got up turned off the light and shut the bedroom door. Chris and I could hear her and Jameis having sex. At no time did the girl ever indicate that she was not a willing participant. In fact, she wanted more privacy by closing the door and turning off the lights.
7. After approximately 20 minutes, I left the apartment and went upstairs to my apartment. As I was walking to my apartment I saw Jameis leave with the same girl on his scooter. Approximately five minutes later, Jameis returned on his scooter.
8. On November 13, 2013, I was interviewed by Monica Jordan. As a result of this interview she prepared this statement based on what I told her. This is a true and accurate statement. Ms. Jordan has presented the facts as I provided them to her. This statement is voluntary. I understand that Ms. Jordan is working on behalf of counsel for Jameis Winston.

AFFIDAVIT OF CHRISTOPHER CASHER

I, CHRISTOPHER (CHRIS) CASHER, hereby having been duly sworn and affirmed hereby state the following as true and correct:

1. My name is Chris Casher. I am over 18 years in age. I am a resident of Leon County.
2. On December 6, 2012, I went with Ronald Darby and Jameis Winston to Potbelly's. We arrived around 11:00 p.m. I met a white female with blonde hair. She came up to me and asked if I played football. When I responded that I did play football she seemed more interested in me and gave me her telephone number. I went off and started mingling with other people in the club.
3. When Jameis Winston, Ronald Darby and I decided to leave Potbelly's and the same blonde female that gave me her telephone number followed us out of the club. This same female wanted to leave with us in the cab and virtually invited herself. She was not intoxicated. She was able to have a conversation with us. She was not slurring or stumbling. She was using her cell phone to try and invite her friend to join us.
4. When we arrived at Legacy Suites, she got out of the cab and followed Jameis to his apartment and into his bedroom.
5. Jameis and the girl went into his bedroom. The door was pulled shut but could not shut all the way because it was broken. The lights were on.
6. Since the door was partially open, I looked through the opening and we could see her giving Jameis oral sex. They had only been in the room a few minutes before I witnessed her giving him oral sex. Jameis was facing the door with his hands on his hips while she was in front of him on her knees. I witnessed them both take each other's clothes off and lay on the bed. Jameis and the blonde female began having intercourse. As a joke, I busted into the room to embarrass Jameis. The girl yelled at me, "get out." She got up off the bed and turned off the light and tried to close the door. I could hear them continuing to have sex. She never indicated that she was not a willing participant. From what I saw she was a more than willing participant.
7. After approximately 20 minutes, I went into my bedroom. I could hear Jameis and the girl leaving. They were talking to each other in a friendly manner.
8. On November 13, 2013, I was interviewed by Monica Jordan. As a result of this interview she prepared this statement based on what I told her. This is a true and accurate statement. Ms. Jordan has presented the facts as I provided them to her. This statement is voluntary. I understand that Ms. Jordan is working on behalf of counsel for Jameis Winston.

AFFIDAVIT FOR SEARCH WARRANT

IN THE COUNTY COURT
IN AND FOR LEON COUNTY
STATE OF FLORIDA
COUNTY OF LEON

BEFORE ME, the undersigned Judge of the County Court in and for LEON County Florida, personally came, Investigator Jason Newlin, who, being first duly sworn, deposes and says: That Affiant is a citizen and resident of Leon County, Florida, and that he/she has reason to believe and does believe that certain evidence, more particularly described herein below is being kept in or upon said person located in LEON COUNTY, Florida, described as follows, to-wit:

Christopher Casher 12-30-1993

Being the person Christopher Casher and there is being kept on or in said person certain evidence of a crime, to wit:

DNA- Deoxyribonucleic Acid from Christopher Casher through collection of Buccal swabs from their mouth.

Which is being kept in violation of the laws of the State of Florida to wit the laws prohibiting Sexual Battery, contrary to Chapter 794.011, Florida Statutes.

PROBABLE CAUSE

This the facts tending to establish the grounds for this application and the probable cause of Affiant believing that such facts exist and are as follows:

On December 7, 2012 victim [REDACTED] reported a sexual battery by an unknown black male apartment in Leon County Florida [REDACTED] stated she recalled being at Pot Belly's and consuming alcoholic beverages. At some point [REDACTED] began to black out. She believed she got in a cab with three unknown black males and traveled to an off campus apartment where the incident allegedly occurred. Through further investigation the apartment was determined to be Legacy Suites located at 415 Chapel Drive Tallahassee, Florida. A possible suspect was later identified by [REDACTED] as being Jameis Winston. The investigation determined Christopher Casher, Jameis Winston and Ronald Darby were all at PotBelly's the night of the incident. The three traveled in a cab with [REDACTED] to their apartment complex, Legacy Suites. It was discovered that Winston was the roommate of Christopher Casher at that time and Ronald Darby lived in an upstairs apartment. According to statements provided by Casher and Darby they both observed as Winston had sexual intercourse with [REDACTED]. Both Casher and Darby state Casher entered the room with Winston and [REDACTED] while sexual acts were being performed. During a subsequent interview Casher indicated he was attempting to see [REDACTED] and Winston would allow him to join in the sexual conduct. All parties involved say Casher was told to exit the room and no sexual encounter was had with Casher.

Evidence was collected the night of the incident to include [REDACTED] panties, shirt and pants that she reported wearing during the incident as well as a SAEkit which contains swabs of the face, vagina, anus, cervix and buccal swabs from [REDACTED]. DNA analysis was conducted on these items. DNA profiles for unknown males were obtained from the face swabs, the panties and the pants worn by [REDACTED] that evening. The DNA from the face and panties was from the same male and the DNA from the pants was from a different male. On November 15, 2013 Jameis Winston consented to provide buccal swabs for comparison. On November 19, 2013 FDLE determined the DNA from the panties was that of Jameis Winston. The DNA from the face could not include or exclude Jameis Winston. On November 18, 2013 Ronald Darby consented to provide a sample of his DNA for comparison. On November 22, 2013 FDLE was able to eliminate Ronald Darby as a source of any DNA collected in this case. A third male known to [REDACTED] Marcus Jordan was with her that evening also consented to provide DNA. FDLE was able to eliminate Jordan as a source of any DNA in this case.

Several attempts to collect a DNA sample from Casher were met with negative results. At this time a search warrant is being requested to include or exclude Christopher Casher as the unknown male DNA that was collected from [REDACTED]'s pants.

Your Affiant is an Investigator with the Office of the State Attorney, currently assigned to the Investigations Unit. Your Affiant has been a sworn Law enforcement officer in the State of Florida for over 10 (ten) years and has written and executed over fifty search warrants in the 2nd Judicial Circuit of Florida.

On the basis of your affiant's experience and from the facts set forth herein, your Affiant believes and had good reason to believe that certain evidence, more particularly described herein of the crime of **Sexual Battery**, is now being kept within said person.

WHEREFORE, Affiant makes this affidavit and prays the issuance of a search warrant in due form of law for the search of the above described person for the hereinbefore described evidence to be seized and for the seizure and return thereof, subject to the order of the Honorable Court having competent jurisdiction, by the duly authorized officers of the Law.

Investigator Jason Newlin, Affiant

Sworn to and subscribed before me this 27 day of Nov A.D., 2013.

Judge in and for Leon County, Florida.

The above application for Search Warrant coming on to be heard and having examined the application under oath and the above sworn affidavit set forth and the facts alleged therein and thereupon being satisfied that there is probable cause to believe that the grounds set forth in said application and the facts alleged do exist and that the Law is being violated as alleged, I so find a Search Warrant is hereby allowed and issued.

This 27 day of November, A. D., 2013.

JUDGE in and for Leon County, Florida

*Approved

IN THE COUNTY COURT
IN AND FOR LEON COUNTY, FLORIDA
IN THE NAME OF THE STATE OF FLORIDA:

TO: State Attorney William N. Meggs and/or all investigators of the Office of the State Attorney 2nd Judicial Circuit

TO: Chief Tom Coe and/or all Sworn Officers of the Tallahassee Police Department

WHEREAS, complaint on oath and in writing, supported by affidavit has this day been made before me, the undersigned Judge of the COUNTY Court, in and for Leon County, Florida, by Investigator Jason Newlin. That Affiant has reason to believe and does believe certain evidence more particularly described herein below is being kept in or upon a certain person, described as follows, to-wit:

Christopher Casher 12-30-1993

Being the person of Christopher Casher and there is being kept on or in said premises certain evidence of a crime, to wit:

DNA- Deoxyribonucleic Acid from Christopher Casher through collection of Buccal swabs from their mouth.

Which is being kept in violation of the laws of the State of Florida to wit the laws prohibiting Sexual Battery, contrary to Chapter 794.011, Florida Statutes.

And it appears to the Court that Affiant is a reputable citizen of Jefferson County, Florida, and that the facts set forth in said affidavit show and constitute probable cause for the issuance for this WARRANT and the Court being satisfied of the existence of said grounds in said application, or that there is probable cause to believe in their existence.

NOW, THEREFORE, you, or either of you, are hereby COMMANDED IN THE NAME OF THE STATE OF FLORIDA, in the daytime or in the night time, upon any day of the week, including Sunday, to collect biological samples of DNA through no unreasonable intrusion using whatever reasonable force that may be necessary to secure the samples should the subject refuse and if the same, or any part thereof shall be found on said person, then you are hereby authorized and commanded to seize said samples and to bring it before this court or a court of competent jurisdiction and to arrest any person or persons found violating the law in connection with the same, and to bring them before the Honorable Court of competent jurisdiction to be dealt with according to law, and to forthwith make return of your doing in the person upon the execution of this warrant, which you are hereby ordered to execute within ten days of issuance, as provided by law.

YOU ARE FURTHER COMMANDED, in the event that you seize any of the said evidence hereinbefore described, to make up, at the time and place of seizure, a full and

complete inventory of all things seized and taken, in person duplicate, signed by you, and to deliver one copy of said duplicate to the person named in the warrant, if said person is not present or should no person be named herein, then to some person in charge of, or living on the premises, and in the absence of such person, to leave the same on said premises.

WITNESS my hand and seal this 27 day of Nov, A.D., 20 13.

N A R R A T I V E 1	Topic	Basic - Supplemental Report
<p>On December 7, 2012, the Florida State Police Department contacted this agency about a possible sexual battery that occurred off campus. Officer Fallis responded to [REDACTED] and made contact with FSU officer Harris (432) and the victim [REDACTED]. [REDACTED] told Officer Fallis she was at Potbelly's drinking with some friends. She then remembers getting into what she believed was a cab and was taken to an unknown location. Once they arrived at the incident location, she and the suspect went into a bedroom and the suspect took her clothes off, and began to have vaginal intercourse with her. [REDACTED] was unsure whether the suspect wore a condom.</p> <p>According to [REDACTED] she told the suspect to stop and tried to physically resist him; however, he had her pinned down by her arms.</p> <p>At some point another male entered the bedroom and told the suspect to stop. The suspect then took [REDACTED] into the bathroom and continued the assault. Her next memory was that she was on the back of a scooter with the suspect driving. She was dropped off at [REDACTED]. She walked to her [REDACTED] and called the police.</p> <p>[REDACTED] was transported to the Tallahassee Memorial Healthcare (TMH) emergency room for treatment and evidence collection. According to the Sexual Assault Information Sheet, [REDACTED] had vague recollection of events from last night. Reports vodka 5 cups and shot of something @ bar. Unknown Perp states held down by arms & legs. Now (with) generalized muscle aches and vaginal tenderness." The Sexual Assault Nurse notes some redness on [REDACTED] knees and the top of her left foot. She also noted brown bruises on [REDACTED] left knee and on her right elbow.</p> <p>I initially made contact with [REDACTED] the emergency room. She appeared to be very tired, but lucid (not intoxicated). We spoke briefly.</p> <p>[REDACTED] did state that she and her friends went to Potbelly's earlier in the night at about 11:30 and had some drinks, (she estimated about 5). Somehow she got separated from her friends and next thing she knew she was in a taxi with several males. She then remembers being on a bed in a bedroom with a male subject holding her down, having vaginal intercourse with her. At some point a male entered the room and told him to stop. He responded by taking her into the bathroom and continuing what he was</p>

doing.

described the male as a black male that was about 6'2" tall, with a dark complexion, and had hair that looked like it needed to be cut. She said that he had "kind of Asian looking eyes."

described the male that interrupted the incident as being not as big and having dreads. She couldn't remember more than that about him. couldn't remember anything about the apartment other than the suspect's door didn't lock. She did remember being driven home on a black scooter.

Due to exhaustion, it was decided to conduct a second interview later in the day. ended our conversation by stating she wasn't sure whether she wanted to press charges.

came to the station on 12/7/13 at about 3:45pm. According to , her friend Ashley told her that she saw a text message on phone from someone that told her to meet him outside. stated she does not remember getting a text like that but that she checked her phone and didn't see a text like that.

arrived with her friend Monique. Monique told me that she remembers was talking to a larger black male near the bathrooms. Monique stated the male stated he was a linebacker on the football team. She did not know whether left with this subject.

In a recorded interview started out by stating she and some friends went to Potbelly's bar. While there, they were drinking from some of their friends' cups until their friend Marcus arrived. Once Marcus arrived she, Marcus and Monique shared 5 drinks. stated she heard that she also had 3 shots but does not remember them.

Later in the night a shorter "Indian" looking guy was following her around and a bar tender came to her rescue. The bar tender also gave her a shot. She described the bar tender as being a tall, black male but could not described him further.

described the suspect as being between 5'9" and 5'11" with big muscles. She said that he had a "short afro" that looked like it needed to be cut.

stated there were three males, besides the driver, in the Cab. She remembers a FSU card was used to get a discount on the cab and that a credit card was used to pay for the ride; but, she does not remember which male subject paid. She stated that all three males in the cab with her were black males. The male the interrupted the incident sat in the back seat and a larger male with a shaved head sat in the front seat. According to the male in the front seat was repeatedly telling her to call her friend, but she was unable to reach Monique. said that he seemed to know who Monique was; although, he never said her name.

She described the apartment complex where the incident occurred as "looking like a hotel". She said the complex appeared to be two buildings with an area between them. The apartment was on the ground floor and there were two scooters (red and black) parked in front of the apartment. was unable to say where the complex was located.

Incident Report

Case # 00-12-032758

[redacted] stated the apartment in which the incident occurred was on the first floor. The room where the incident occurred had a broken door that did not shut all the way. The room had a queen size bed with red and gold sheets. The sheets had a polka dot kind of design on them. The bedroom had its own bathroom.

According to [redacted] she remembers lying on the bed and the suspect taking her clothes off. [redacted] stated she was "kinda incoherent" and was "just laying there". When he started to have intercourse with her, she stated she told him to stop but wasn't yelling or anything, she was quiet because she felt sick. [redacted] stated the suspect started out on top of her but then rolled her over and tried to put her on top of him but she "just laid there", so he rolled her back over. After a little while a male subject she described as a bigger but not taller (than the suspect) black male came into the room and told him to stop. The suspect responded by picking up [redacted] and carrying her to the bathroom. Once in the bathroom, the suspect told [redacted] that he could lock that door. He then put her on the ground and continued the assault. After the assault he told her that she "could go now", but then said he'd take her home on the scooter.

The suspect put her on the back of a black scooter and drove her to the intersection of [redacted] and dropped her off. The drive from the apartment to the intersection was less than 2 minutes. When he left he turned [redacted]

[redacted] wasn't able to describe the person that came into the room during the incident any more than the night before.

[redacted] stated she is familiar with the football player she was talking to by the bathrooms that Monique mentioned. According to [redacted] that person is a freshman football player and his name is Chris. She does not remember seeing Chris after that. She did recall Chris saying that he was looking for his roommate. She does not think Chris was in the cab after they left the bar.

Following the interview, [redacted] still wasn't sure whether she wanted to press charges.

Efforts to locate a suspect via records at Yellow Cab were not productive. The GPS units on the vehicles are not precise enough to eliminate enough cabs to focus the search. Several cabs left the area of Potbelly's bar the night in question and several of those cabs has FSU card swipes. An email was sent to all cab drivers working that night asking for drivers to come forward when provided the demographics of the passengers and the pick-up location. No drivers responded.

On January 10, 2013 I received a voicemail from [redacted]. In that voicemail, [redacted] stated she thinks she knows who the suspect is. According to [redacted] the suspect is in one of her classes.

I returned [redacted] call on January 11, 2013 and scheduled a meeting with her later that day. According to [redacted] the suspect's name is Jamies Winston. I was called later in the day by a Patricia Carroll. Ms. Carroll advised she is [redacted] aunt and is also an attorney. Ms. Carroll asked that all communications go through her. Ms. Carroll advised [redacted] and her family were concerned because Winston is a big name on campus and she is afraid of the consequences of pressing charges. Ms. Carroll said that she has advised [redacted] to seek some counseling and then decide whether she wanted to press charges.

Investigator Osborn made contact with Winston to schedule an interview. Winston stated he had

baseball practice but would call back later to set a time. The next day, Dan Jansen Esq. arrived at the station and said he had been retained to represent Winston. Mr. Jansen was given enough particulars to allow Winston to be able to recall the incident. Jansen stated he would be in touch. Jansen was later contacted. He stated he did not think it was in his client's best interest to give a statement at this time.

According to the FSU Police Department CAD notes, the FSU PD was called to [REDACTED] December 7, 2012 at 3:29am reference a sexual battery. The caller identified herself as a Jenna Wiesberg (phone number 561-886-7595). According to the CAD notes, Wiesberg stated her friend had been raped. The notes indicate the victim [REDACTED] met the suspect at Potbelly's and was hit on the head and kept blacking out during the incident.

FSUPD Officer Harris wrote the following in his report of the incident:

Upon arrival I made contact with the victim, [REDACTED]. She informed me that earlier that morning she was at Pot Belly's, a local bar, with some friends. She stated she had five mixed drinks that contained vodka and a mixer that was unknown. [REDACTED] said she wasn't old enough to drink and that a male friend of hers was sharing his drinks with her. [REDACTED] did not want to provide the male friend's name because she knew he wasn't off age to buy drinks either, but he had a way to get drinks. [REDACTED] informed me that while walking through the bar a male (unknown to her) handed her a shot. After she consumed the shot she stated she couldn't remember what happen next. She thinks she got into a cab with someone because they asked to see her student ID. [REDACTED] stated she blacked out after that. The next then she was able to recall was waking up on the floor of someone's apartment. She knew she wasn't at Pot Belly's, but she couldn't tell me exactly where she was. The next thing she remembered was being on a bed and a black male having penis to vagina intercourse with her. She stated she saw the door open and another black male with dreads in his hair stand in the doorway while telling the other black male to stop what he was doing. [REDACTED] stated she told the black male to stop, but he replied it would be ok.

[REDACTED] text messages (SMS and Apple Messages) were downloaded from her phone during her follow-up interview on December 7, 2012. There are no texts as described by Ashley. The only texts around the time in question are to Monique Kessler (850-826-1994). That exchange is retyped below:

12:50am [REDACTED] -Come Find Me
 1:45am [REDACTED] - do you have me I'd?
 1:47am Kessler -I don't think so! You grabbed it
 1:48am [REDACTED] -Fuckkkkkkk
 1:49am Kessler -It was with your money
 1:49am Kessler -Find it!!!
 1:48am Kessler -Did you find it
 2:24am [REDACTED] -I didn't find it. Where are you?
 2:29am Kessler -His house
 2:29am [REDACTED] -I need to talk to you tomorrow.
 2:36am Kessler -Where r u?

Case # 00-12-032758

2:36am Kessler - are u home?

2:37am [REDACTED] -yes

2:38am [REDACTED] -Are you in your room?

The next text messages on the phone for this conversation aren't until 10:14am when Kessler replied "No where are you".

Another item of note regarding the text messages downloaded from [REDACTED] phone is that an unknown individual sent [REDACTED] a text at 4:41am (an hour and 12 minutes after the incident was reported to police and before she was transported to TMH) stating "I got spa-2". [REDACTED] immediately replied "will you text me the answers pleaseeee."

A preservation letter was sent to [REDACTED] phone provider Verizon, the day of the incident and a Search Warrant was alter served to retrieve those records. According to those records [REDACTED] attempted to contact Kessler twice (1:40 and 1:46), spoke to a Bria Henry twice (2:48 for almost 174 seconds and 2:56 for 72 seconds), Weisberg twice (2:48 for 524 seconds and 3:07 for 142 seconds), and a call from home at 3:15 for 973 seconds.

The following morning, Bria Henry made sent a text to [REDACTED] apologizing for contacting [REDACTED] parents despite her request not to do so.

I spoke to Bria Henry on December 18, 2012. According to Bria, she called [REDACTED] after [REDACTED] sent her a text to please call her. [REDACTED] told her that she was at a party and got hit on the head and blacked out when the incident occurred. Bria said [REDACTED] did not give her any other details.

I have tried multiple times to get in touch with Monique Kessler; however, she has not returned any of my calls despite my leaving her several voicemail messages.

In December 2012, Winston lived at 415 Chapel Drive on the first floor. That complex matches the description of the incident location as described by [REDACTED]. At that time, Winston's roommate was Chris Casher, a freshman defensive end with the football team.

This case is being suspended at this time due to a lack of cooperation from the victim. If the victim decides to press charges, the case will be pursued.

NARRATIVE

In the State of Florida/Leon County, _____ swears/affirms the following to be a true and accurate statement:

I was at Potbellys with Monique and Marcus, we all shared about 5 or 6 drinks. We were hanging out mostly with Marcus' friends. One of them gave me a shot. Monique left, I texted her to see if she had my ID and my room key, she said that she left all the stuff with me. Next thing I know I was in the back of a taxi with a random guy that I have never met. There was another person in the taxi. We went to an apartment, I don't know where it was. I kept telling him to stop but he took all my clothes off. He started having sex with me and then his roommate came in and told him to stop. He moved us to the bathroom "because the door locked" and his not 100% sure how everything in there happened. Afterwards I laid on his bed and he put my clothes on and we went outside and got on his scooter. He asked me where I lived and I told him [REDACTED] he dropped me off at [REDACTED] and then left.

	<p>This case was left in suspended status because probable cause could not be established given the conflicting statements between what the victim told her friends and what was reported to police. In addition, the victim was unwilling to pursue criminal charges at that time. Incident Report

Case # 00-12-032758

1. Winston, Casher and Darby went to Potbelly's and arrived around 11:00pm. While at the bar, a blonde female began speaking with Winston.
2. As Winston Casher and Darby left, the blonde female got into the cab with them (according to Casher, she invited herself). The statements indicated the female was not intoxicated and was able to carry on a conversation.
3. When they arrived at their apartment, the female followed Winston into his bedroom.
4. The door was pulled closed but was partially open because it was broken.
5. Casher and Darby watched as the female performed oral sex on Winston through Winston's broken bedroom door. They then saw the female and Winston engage in oral sex. As a joke Casher went into the room. In response the female told him to get out. She then got up and closed the door and turned off the lights. According to the statements, there were no indications that the female was not a willing participant.
6. Approximately 20 minutes later the female left with Winston on his scooter.

ASA Cappleman asked that we attempt to re-interview the victim and her friends. She also asked that we interview Casher and Darby as well. It should be noted that Casher was not initially interviewed due to the fact the victim advised she was familiar with him and did not believe he was present when the incident took place. Additionally, Casher did not meet the description the victim provided for the subject who she said entered the room.

On November 14, 2013, Inv. Osborn and I went to the Moore Athletic Office in an attempt to locate and interview Darby and Casher. As is common practice, contact was made with FSUPD to advise them we were going to be on campus to conduct follow-up regarding an investigation.

Upon our arrival at the Moore Athletic Center, we were met by Monk Bonasorte. According to Bonasorte, the Florida State University Police Department had been requested to direct all law enforcement officers to his office if they were seeking to contact football players regarding this investigation. Bonasorte then stated he believed Jansen had already arranged legal representation for Casher and Darby.

While we were present, Bonasorte made phone contact with who he said was Attorney Jansen. Following the phone call, Bonasorte informed us that Darby had obtained an attorney, but that Casher had not. Bonasorte had staff summon Casher to the Moore Athletic Center. Bonasorte then stated he would be Casher's representative. Bonasorte is not an attorney so we explained that, in order to protect the integrity of the case, he would not be allowed to be present. We then explained if Casher wished to have legal representation, he could request an attorney and the interview would be re-scheduled for a later date.

When Casher arrived, I explained to him that he was just a witness in the case, but was still allowed to have an attorney if he wished. I also explained that we could schedule the interview at a later date to allow him to consult an attorney if he wished. Casher stated he did not want an attorney and consented to an interview.

Incident Report

Case # 00-12-032758

Casher stated he, Darby and Winston went to Potbelly's the night in question. He stated he met a blonde female there but cannot remember her name. After getting her phone number he went off the talk to some other people. Later in the evening he saw the same female talking to Winston.

As he, Darby and Winston were leaving, the female got into the cab with them. Casher stated the female repeatedly tried to call her friend so that she could hang out with Casher; however, apparently did not speak to that person.

Once back at their apartment (Casher and Winston were roommates), the female and Winston went into Winston's bedroom. After about 10 minutes Casher and Darby peeked in the room and saw the female performing oral sex on Winston. Casher stated the door to Winston's room was broken and did not latch closed. A few minutes later he watched as the female and Winston removed their own clothing and climbed on the bed and began to engage in sexual activity. Casher stated he went into the room to see if the female would engage in sexual activity with him as well (as has happened with other females he and Winston have brought back to their apartment); however, the female saw him and told him to get out. A little while later, Casher stated he tried to video tape Winston and the female; however, when the female saw him she again told him to leave. The female then turned off the light and went with Winston into the bathroom.

Casher stated a little while later he heard Winston and the female leave and get on Winston's scooter.

Casher's statements during the interview were consistent with the statement provided to the police by Attorney Jansen. The only discrepancy was when Casher stated he went into the room to surprise Winston. When asked about this discrepancy, Casher stated he did indeed go into the room to try to have sex with her as well.

Bonasorte stated he would contact Darby to obtain the name of his Attorney and then let us know so that we could follow-up with an interview.

On November 14, 2013, Winston consented to providing a DNA sample via a Buccal (cheek cell) swab. Before making Winston available to provide the swab, Jansen again stated, he was not going to allow Winston to be interviewed by police.

In a report dated November 19, 2013, the FDLE Biology Section provided the analysis of their comparison of Winston's Buccal swab with the DNA referenced in their report dated August 27, 2013. According to the report, the partial foreign DNA profile from the victim's underwear matched the DNA profile of Winston. Winston was excluded as the source of the DNA profile from the victim's shorts and could not be either included or excluded as a contributor to the foreign DNA profile recovered from the victim's face (based on the limited nature of the profile obtained from the victim's face).

I had to leave town for several days on a pre-scheduled, work related trip to another part of the state; therefore, Inv. Osborn interviewed Darby and witness Jenna Weisberg. Weisberg was the individual who first contacted FSUPD. These interviews took place on November 15, 2013. See Inv. Osborn's supplement for details. Sgt. Baldwin re-interviewed witness Bria Henry in my absence. See her supplement for details.

Incident Report

Case # 00-12-032758

On November 18, 2013, Inv. Osborn advised he attempted to contact witness Monique Kessler. Kessler, however, told Inv. Osborn she would need to call him back because she was in the process of speaking with investigators with the Office of the State Attorney. The content of that interview has not been shared with this agency.

In addition, I was made aware that ASA Cappleman scheduled an appointment to speak with the victim's attorney later that morning. Inv. Osborn and I requested to be present at that meeting but our request was denied. The victim was later interviewed by members of the Office of the State Attorney. The specific details of that interview have not been shared with this agency.

At the request of the Office of the State Attorney, the blood and urine samples taken from the victim were sent to Dr. Goldberg, with the University of Florida for additional analysis. Dr. Goldberg confirmed the findings of the FDLE lab that there were no drugs found.

Witnesses Darby and Marcus Jordan (the person with whom the victim shared drinks earlier in the night), voluntarily submitted Buccal swabs to be compared with the unknown foreign DNA profile on the victim's shorts. In a report dated November 22, 2013, both men were excluded as possible contributors to that foreign DNA profile.

Witness Casher was contacted to see if he would voluntarily provide a buccal swab to compare against the foreign DNA profile found on the victim's shorts. Casher initially stated he would meet to provide the sample. Inv. Osborn was later contacted by Casher's Attorney, Adam Ellis. Ellis advised he wanted time to review the facts of the case before deciding whether he would allow Casher to provide a sample. The Office of the State Attorney served a search warrant to obtain a DNA sample from Casher. On December 5, 2013, I received the FDLE report regarding the comparison of Casher's DNA sample to the other items previously submitted in this case. Casher's sample was excluded as the source of the foreign DNA located on the victim's shorts, underwear, and face.

The previously unidentified sample found on the victim's shorts was determined to belong to a known acquaintance of the victim, Jamal Roberts. Due to concerns voiced by the victim's attorney that the blood submitted which showed no drugs did not actually belong to the victim, the State Attorney's Office requested that the blood sample be re-submitted for blood typing. The FDLE reported obtained on December 5, 2013, confirmed the blood initially submitted did, in fact, belong to the victim.

CASE SUMMARY/ADDITIONAL INFORMATION:

On 12/07/12, officers responded to a report of a sexual battery that took place the same date. The victim reported being at a local establishment. The victim believes she got into a cab with multiple males, including a male later identified as Jameis Winston. The victim recalls going into a bedroom at an apartment with Winston and he began having intercourse with her. The victim stated that she was telling Winston to stop, however he failed to do so. The SAEK was previously examined by Jo Ellen Brown (FDLE #20130100121) and DNA was identified on exhibits 2E, 3 and 3A. On 11/14/13, a buccal was obtained from Winston and this request is for a comparison between the buccal and the DNA identified on the above exhibits.

REFERENCE:

This report references evidence submitted to the Florida Department of Law Enforcement on January 17, 2013, by Specialist Joann Houston. This report may contain conclusions, opinions, and/or interpretations made by the author.

EVIDENCE:

FDLE Item#	Agency Exhibit#	Description
1	2	Sexual Assault Evidence Kit from [REDACTED] containing the following items: 2A Buccal swabs 2B Vaginal swabs 2C Cervical swabs 2D Anal swabs 2E Face swabs
2	3	Panties
3	3A	Pink shorts

RESULTS:

Semen was identified on the anal swabs (Exhibit 2D), the panties (Exhibit 3) and the pink shorts (Exhibit 3A).

No semen was identified on the buccal swabs (Exhibit 2A), the vaginal swabs (Exhibit 2B) or the cervical swabs (Exhibit 2C).

FB

The pink shorts (Exhibit 3A) gave chemical indications for the presence of blood.

The vaginal swabs (Exhibit 2B), the face swabs (Exhibit 2E), the panties (Exhibit 3) and the pink shorts (Exhibit 3A) gave chemical indications for the presence of amylase, a constituent of saliva and other body fluids.

STR DNA analysis was performed on a samples from the buccal swabs (Exhibit 2A), the vaginal swabs (Exhibit 2B), the cervical swabs (Exhibit 2C), the anal swabs (Exhibit 2D), the face swabs (Exhibit 2E), the panties (Exhibit 3) and the pink shorts (Exhibit 3A) utilizing the AmpF/STR Identifiler Plus PCR Amplification Kit.

A complete DNA profile was obtained from the buccal swabs from [REDACTED] Exhibit 2A).

Exhibits 2B, 2C and 2D:

No DNA results foreign to [REDACTED] Exhibit 2A) were found on the vaginal swabs (Exhibit 2B), the cervical swabs (Exhibit 2C), or the anal swabs (Exhibit 2D).

Exhibit 3:

The DNA profile obtained from the panties (Exhibit 3) demonstrated the presence of a mixture. Assuming two donors to the mixture and that [REDACTED] Exhibit 2A) is a donor, a partial foreign DNA profile was obtained. This partial foreign DNA profile is consistent with originating from a male individual (Male #1).

Exhibit 2E:

The DNA profile obtained from the face swabs (Exhibit 2E) demonstrated the presence of a mixture. Assuming two donors to the mixture, a partial DNA profile foreign to [REDACTED] Exhibit 2A) was obtained from the face swabs (Exhibit 2E). This partial foreign DNA profile is consistent with the partial foreign DNA profile obtained from the panties (Exhibit 3).

Exhibit 3A:

The DNA profile obtained from the pink shorts (Exhibit 3A) demonstrated the presence of a mixture. Assuming two donors to the mixture and that [REDACTED] Exhibit 2A) is a donor, a complete foreign DNA profile was obtained. This foreign DNA profile is consistent with originating from a different male individual (Male #2) than the partial DNA profile from the panties (Exhibit 3).

REMARKS:

The foreign DNA profiles developed from the panties (Exhibit 3) and the pink shorts (Exhibit 3A) have been entered into CODIS.

The submitted evidence is available for retrieval or return at the earliest opportunity. This evidence includes microscope slides and DNA extracts. It is recommended that all DNA extracts be stored frozen.

If a subject is developed, it is requested that buccal swabs be submitted for DNA analysis.

REFERENCE:

This report references evidence submitted to the Florida Department of Law Enforcement on November 15, 2013 by Jill Allison and a report dated August 27, 2013 authored by Jo Ellen Brown. This report may contain conclusions, opinions, and/or interpretations made by the author.

EVIDENCE:

FDLE Item#	Agency Exhibit#	Description
5	1A	Buccal Swab from Jameis Winston

RESULTS:

STR DNA analysis was performed on a sample from Exhibit 1A utilizing the AmpF/STR Identifiler Plus PCR Amplification Kit. A complete DNA profile was obtained.

The partial foreign DNA profile from the panties (Exhibit 3, previous report) matches the DNA profile from Jameis Winston (Exhibit 1A). For 13 loci, the frequency of occurrence of this foreign DNA profile for unrelated individuals is approximately 1 in 2.2 trillion.

Jameis Winston (Exhibit 1A) is excluded as the source of the foreign DNA profile from the shorts (Exhibit 3A, previous report).

Due to limited nature of the foreign DNA results obtained from the face swab (Exhibit 2E, previous report),

FDLE NUMBER: 20130100121 Submissions: 2

SHL

Jameis Winston (Exhibit 1A) can be neither included nor excluded as a contributor.

REMARKS:

The frequencies were calculated utilizing a validated statistical database (JFS 48(4):908-911). The most common frequency from the Caucasian, African American (Blacks), or Hispanic populations is reported. The results of the Amelogenin locus were not used in the statistical calculations.

The information obtained was not entered into CODIS.

The submitted evidence is available for retrieval or return at the earliest opportunity. This evidence includes DNA extracts. It is recommended that all DNA extracts be stored frozen.

REFERENCE:

This report references evidence submitted to the Florida Department of Law Enforcement on December 02, 2013 by S. Angulo. This report may contain conclusions, opinions, and/or interpretations made by the author.

EVIDENCE:

The following DNA extracts were submitted for Y-STR DNA analysis:

FDLE Item#	Agency Exhibit#	Description
1.1	2E	Face swabs
5.1	1A	Buccal swab from Jameis Winston
6.1	5	Buccal swab from Ronald Darby
6.1	6	Buccal swab from Marcus Jordan
8.1	1B	Buccal swab from Christopher Casher

PNB

Other Items:

- 1 2 Sexual Assault Evidence Kit for [REDACTED]
- 1.1 2 DNA Extracts from Ex. 2A, 2B, 2C, 2D, 3, 3A
- 1.2 2 Microscope slides from Ex. 2, 3, 3A
- 5 1A Buccal swab from Jameis Winston
- 6 5 Buccal swab from Ronald Darby
- 7 6 Buccal swab from Marcus Jordan
- 8 1B Buccal swab from Christopher Casher

RESULTS:

Y-STR DNA analysis was performed on the DNA extracts from the face swabs (Exhibit 2E), buccal swab from Jameis Winston (Exhibit 1A), buccal swab from Ronald Darby (Exhibit 5), buccal swab from Marcus Jordan (Exhibit 6) and the buccal swab from Christopher Casher (Exhibit 1B) utilizing the AmpF/STR Yfiler PCR Amplification Kit.

Partial Y-STR DNA profiles were obtained from the buccal swab from Jameis Winston (Exhibit 1A), the buccal swab from Marcus Jordan (Exhibit 6) and the buccal swab from Christopher Casher (Exhibit 1B).

A complete Y-STR DNA profile was obtained from the buccal swab from Ronald Darby (Exhibit 5).

Due to the limited nature of the Y-STR DNA results obtained from the face swabs (Exhibit 2E), this data is not interpretable.

Y-STR DNA analysis was not performed on the DNA Extracts from Ex. 2A, 2B, 2C, 2D, 3, 3A (Exhibit 2).

No further analysis was performed on the Sexual Assault Evidence Kit for [REDACTED] (Exhibit 2), the microscope slides from Ex. 2, 3, 3A (Exhibit 2), the buccal swab from Jameis Winston (Exhibit 1A), the buccal swab from Ronald Darby (Exhibit 5), the buccal swab from Marcus Jordan (Exhibit 6) and the buccal swab from Christopher Casher (Exhibit 1B).

FDLE NUMBER: 20130100121 Submissions: 5, 6 and 7

SHL

RESULTS:

The urine specimen (Exhibit 4C) was not examined.

Blood stain cards were prepared from each of the liquid bloods (Exhibits 4A and 4B).

STR DNA analysis was performed on samples from Exhibits 4A, 4B, 1B and 7 utilizing the AmpFISTR Identifiler Plus PCR Amplification Kit. Complete DNA profiles were obtained from each.

The foreign DNA profile obtained from the shorts (Exhibit 3A, previous report) matches the DNA profile from Jamal Roberts (Exhibit 7). The frequency of occurrence of this DNA profile for unrelated individuals is approximately 1 in 270 sextillion.

Jamal Roberts (Exhibit 7) is excluded as the source of the partial foreign DNA profile from the panties (Exhibit 3, previous report) and the foreign DNA results from the face swabs (Exhibit 2E, previous report).

Christopher Casher (Exhibit 1B) is excluded as the source of the foreign DNA profile from the panties (Exhibit 3, previous report), the shorts (Exhibit 3A, previous report) and the foreign DNA results from the face swabs (Exhibit 2E, previous report).

The DNA profiles from each of the blood samples (Exhibits 4A and 4B) match the DNA profile from [REDACTED] (Exhibit 2A, previous report). The frequency of occurrence of this DNA profile for unrelated individuals is approximately 1 in 620 quadrillion.

REMARKS:

Exhibit 2, the DNA extracts and microscope slides from Exhibits 2, 3 and 3A, Exhibit 1A (previous report), Exhibit 1B, Exhibits 5 and 6 (previous report) and the DNA extracts from Exhibits 1A, 1B, 5 and 6 were transferred to the Biology Section of the Tampa Bay Regional Operations Center for further analysis which will be the subject of a separate report.

Upon review of additional information, the foreign DNA profile developed from Exhibit 3A previously entered into CODIS does not meet the criteria required. As a result, the DNA profile has been deleted from CODIS.

Exhibits 4 and 7 are available for retrieval or return at the earliest opportunity. This evidence includes DNA extracts. It is recommended that all DNA extracts be stored frozen.

Abbreviations that may appear in this report are: CODIS *Combined DNA Index System*; DNA *deoxyribonucleic acid*; PCR *Polymerase Chain Reaction*; STR *short tandem repeat*; Y-STR *male specific short tandem repeat*; FBI *Federal Bureau of Investigation*; and JFS *Journal of Forensic Sciences*.

On December 7, 2012, at approximately 3:22 am, I was dispatched to [REDACTED] in reference to a sexual battery that occurred off campus. My investigation revealed the following:

Upon arrival I made contact with the victim, [REDACTED]. She informed me that earlier that morning she was at Pot-Belly's, a local bar, with some friends. She stated she had five mixed drinks that contained vodka and a mixer that was unknown. [REDACTED] said she wasn't old enough to drink and that a male friend of hers was sharing his drinks with her. [REDACTED] did not want to provide the male friend's name because she knew he wasn't of age to buy drinks either, but he had a way to get drinks. [REDACTED] informed me that while walking through the bar a male (unknown to her) handed her a shot. After she consumed the shot she stated she couldn't remember what happen next. She thinks she got into a cab with someone because they asked to see her student ID. [REDACTED] stated she blacked out after that. The next then she was able to recall was waking up on the floor of someone's apartment. She knew she wasn't at Pot Belly's, but she couldn't tell me exactly where she was. The next thing she remembered was being on a bed and a black male having penis to vagina intercourse with her. She stated she saw the door open and another black male with dreads in his hair stand in the doorway while telling the other black male to stop what he was doing. [REDACTED] stated she told the black male to stop, but he replied it would be ok.

I asked [REDACTED] what she wore at the time the incident happen. She stated she had bright pink skinny jeans on with a multi-color top that was black, tan, and white. I asked her how her clothes were taken off. She stated she thought the black male took her pants and underwear off and placed them back on after the incident happen. She was having a hard time remembering what exactly happen and in what order they happen. I asked [REDACTED] if the black male used protection and she stated she thought he might have, but didn't know for sure. She didn't know if he ejaculated inside of her or not.

[REDACTED] stated she then remembered getting on a scooter with the black male. She wasn't able to provide a location she was coming from. The only thing she was able to provide was she remembered seeing or being on Call Street by CVS and Tennessee Street. She stated the black male asked where she lived [REDACTED] stated she didn't want to tell him her true address so she told him Saffley Hall. The black male dropped her off at the intersection of Stadium Drive and Call Street at approximately 2:00 am. [REDACTED] walked back to [REDACTED].

I asked [REDACTED] if she had an opportunity to see the black males face after the incident occurred, but she stated he attempted not to reveal his identity by not showing her his face. I asked her if the black male was the same male that was sharing drinks with her earlier in the morning at Pot Belly's she stated no, that it wasn't the same guy. [REDACTED] was very adamant about her male friend not being the same guy as the one who sexually assaulted her.

[REDACTED] did change her clothes except her underwear. She hadn't taken a shower at the time, but did use the restroom.

Due to the incident occurring off campus TPD was contacted. TPD Ofc. C. Fallis #631 arrived on scene. TPD Ofc. Fallis collected the pants, shirt, and bra [REDACTED] was wearing before and after the incident occurred.

Victim Advocate, Sara Groff, arrived at the FSU Police Department 4:09 am. I transported [REDACTED] to TMH for an examination to be administered. Groff met

[REDACTED] at TMH.

[REDACTED] is a current student at FSU. She could not remember any features about the black male that sexually assaulted her.

TPD's case number in reference to this incident is 12-32758.

### Statement: Police warned accuser about pursuing Jameis Winston matter

Matt Baker, Times Staff Writer

Wednesday, November 20, 2013 11:34am

A Tallahassee detective told an accuser's attorney that Tallahassee is a "big football town" and her client's life could "be made miserable" if she pursued a sexual assault case against Florida State quarterback Jameis Winston, according to an exclusive statement released by the family to the *Tampa Bay Times* on Wednesday.

The statement — released through the family's attorney — is the first public comments from the complainant and her family since allegations surfaced last week that Winston was involved in the investigation of a sexual assault reported in December.

(View the statement here:

<http://www.tampabay.com/specials/2013/PDFs/winston.pdf>)

Winston has not been arrested or charged with a crime, and his attorney has publicly denied any wrongdoing by his client. The *Times* does not identify possible victims of sexual assault investigations.

A Tallahassee police spokesman told the *Times* on Nov. 8 that an incident was reported after a woman took a shot from an unknown person and left a Tallahassee bar in a cab. According to a heavily redacted police report, the woman said a sexual assault happened between 1:30 and 2 a.m. Tallahassee police responded to a call about two hours later.

After the woman — a Florida State student from the Tampa Bay area — identified Winston as the suspect in early January, "the family grew concerned that she would be targeted on campus" and requested assistance from an attorney friend, according to the statement.

"When the attorney contacted Detective (Scott) Angulo immediately after Winston was identified, Detective Angulo told the attorney that Tallahassee was a big football town and the victim needs to think long and hard before proceeding against him because she will be raked over the coals and her life will be made miserable," the family said.

The family also said that Angulo refused to collect Winston's DNA or interview his roommate, a possible witness in the case, because doing so would alert Winston and allow the case to go public.

A public record request by the *Times* revealed no search warrants executed under Winston's name. And there are no public search warrants related to sex crimes that match the address of the building Winston reportedly lives in. In addition, the public record request did not reveal that any search warrants have been executed in relation to the case since Nov. 11. There is no way to know if there are search warrants that have been carried out but are confidential at this time.

The family also questioned why Winston's attorney, Tim Jansen, was told that the case had been closed in February without FSU police interviewing Winston or collecting DNA.

"The family was shocked to hear that Winston's attorney was not only aware of the case but had been told by Tallahassee Police Department that the case had been closed in February," the family said. "All the while, the family was awaiting blood work results until early April."

Jameis Winston has not been arrested or charged with a crime, and his attorney has publicly denied any wrongdoing by his client.

Among the questions posed at end of the family's statement about the handling of the case:

- Why was Winston not listed as the suspect in the police report when he was identified in early January?
- Why did it take Detective Angulo four months to verbally inform the family of the blood work results?
- Why didn't Detective Angulo or his superiors inform the State Attorney of the crime before the media sought a copy of the police report 11 months after the crime?

The family said they are not responsible for the leak of this information, which comes during the height of Winston's Heisman Trophy campaign and FSU's push for its first national title since 1999.

"It was never the intent of the victim or the family for this to become public," the family said. "The victim was trying to move on with her life, which has now been turned upside down once again."

Winston, a redshirt freshman, was a five-star recruit in the class of 2012. In January of that year, he was the MVP of the Under Armour All-America Game at Tropicana Field.

He emerged as a Heisman Trophy candidate this season in his first year as FSU's starting quarterback. Winston has thrown for 28 touchdowns and almost 3,000 yards this season for the second-ranked Seminoles, who are 10-0 and have already clinched a spot in the ACC title game.

Winston was 19-of-21 passing for 277 yards and two touchdowns in last week's 59-3 rout of Syracuse.

This story will be updated.

Recent media reports compel our family to make a statement at this time.

We the victim and family have attempted to allow the State Attorney to address Tallahassee Police Department's questionable investigation into the rape of the victim.

We the victim and family have not responded to the barrage of media inquiries. We did not want to escalate a very difficult situation which we thought was behind us.

On 12/7/12 the victim was raped by an unknown person. The victim immediately reported it to law enforcement and cooperated completely with all requests made of her by law enforcement.

In early January, when the victim identified the perpetrator as Jameis Winston, the family grew concerned that she would be targeted on campus.

We requested assistance from an attorney friend to interact with law enforcement on the victim's behalf. When the attorney contacted Detective Angulo immediately after Winston was identified, Detective Angulo told the attorney that Tallahassee was a big football town and the victim needs to think long and hard before proceeding against him because she will be raked over the coals and her life will be made miserable.

The attorney and Detective Angulo discussed suspending the investigation to give the victim some time to receive counseling. However, during that discussion, the attorney addressed the need for the family to obtain the DNA and blood work results to make a more informed decision. At that time, Detective Angulo specifically refused to collect Winston's DNA or interview Winston's roommate who witnessed the attack. Detective Angulo stated that such activity would alert Winston and the matter could go public.

Thereafter, the family, through counsel, repeatedly attempted to obtain the blood work results from both Detective Angulo and the Tallahassee Police Department's victim advocate, Fawnisha Brown. At all times, the victim, the family, and counsel were available to Tallahassee Police Department and were under the impression that only law enforcement was aware of the crime.

If the victim had been aware that Winston's attorney was alerted as far back as February, she would have insisted that Tallahassee Police Department immediately collect DNA and interview, at the very least, Winston's roommate who witnessed the attack.

The victim was devastated when she learned late last week that the Tallahassee Police Department had informed Winston's attorney as far back as February, which allowed him all of this time to create his defense and prepare his witnesses. The victim cannot fathom that the State Attorney's office was not given the same opportunity.

The family was shocked to hear that Winston's attorney was not only aware of the case but had been told by Tallahassee Police Department that the case had been closed in February. All the while, the family was awaiting blood work results until early April.

It was never the intent of the victim or the family for this to become public. The victim was trying to move on with her life which has now been turned upside down once again. We have not been the source of any information prior to this release; there was no benefit in that.

In light of the fact that this matter has now been made public, here are a few of the many questions the victim and the family have:

1. If Winston's attorney was aware of the case in February 2013, why didn't Detective Angulo collect DNA evidence, interview Winston, and conduct a proper investigation.
2. Why did it take Detective Angulo four months to verbally inform the family of the blood work results?
3. Why was Winston not listed as the suspect in the police report once he was identified in early January?
4. Why is it being represented in the press that the victim was intoxicated when Detective Angulo told the family that the victim was not intoxicated based on the blood work?
5. Why didn't Detective Angulo or his superiors inform the State Attorney of the crime before the media sought a copy of the police report 11 months after the crime?
6. Why was the Florida State University Police Department given a copy of the police report after it was determined they did not have jurisdiction, especially given the fact that Winston's attorney represents the Florida State University football team and they have a clear conflict of interest?

Once again, the victim and the family are compelled to provide a statement in light of the DNA results validating the victim's identification of Winston as the perpetrator and Mr. Jansen's assertions of consent.

Jansen stated that he was not surprised by the DNA results because the encounter was consensual. However, Jansen allowed the media frenzy to go on for a week as to the accuracy of Winston's identity, thereby perpetuating this matter and keeping his client in the spotlight for an extra week, unnecessarily.

Jansen stated that the DNA leak damaged his client's reputation. Why would a consensual encounter damage his client's reputation? However, a rape would certainly damage his client's reputation.

The "consent defense" is too little too late and is clearly reactive damage control by Jansen after learning the DNA matched his client.

Jansen's focus on the leak of the DNA results is self serving and misplaced. What is significant is that the DNA matched the person identified by the victim to law enforcement back in January 2013.

To be clear, the victim did not consent. This was a rape.

Jansen's statement that he was retained by Winston's family necessarily means that Winston was informed that he had been identified as a suspect in this investigation. Neither the victim nor her attorney was notified by anyone at the Tallahassee Police Department that Winston had been informed.

Once Jansen was retained by Winston's family and spoke to his client, one would think, being a suspect in a rape investigation, Winston would have immediately asserted his "consent defense." He is only now claiming the "consent defense" after science validated the victim's identification of Winston as the perpetrator.

If Jansen had knowledge of witnesses beneficial to Winston back in February 2013, it seems logical that Jansen would have immediately provided those alleged "exculpatory witnesses" to Detective Angulo. Theoretically, Detective Angulo would have taken the statements of the alleged "exculpatory witnesses" at that time. Instead Detective Angulo placed the case on "open inactive" status.

Lastly, DNA is not 5'9" to 5'11", DNA is Jameis Winston.

Here are a few more of the many questions the family has:

1. Someone at the Tallahassee Police Department informed Jansen that the case was closed back in February 2013. Who specifically at the Tallahassee Police Department told Jansen this case was closed?

2. Why would Detective Angulo inactivate the case after notifying Winston that he was a suspect?
3. Why is the Tallahassee Police Department saying that the victim "broke off contact" in February 2013 when the victim's attorney sent a letter to Detective Angulo on January 11, 2013 stating that she was going to be the contact person for the victim thereafter?
4. Why did Detective Angulo fail to notify his chief of police, Dennis M. Jones, that Winston had been identified as a suspect when it is customary for the chief to be notified of cases involving athletes?
5. Why was the city manager, Anita Favors Thompson, given information about an open police investigation and why did she feel the need to email that information to city commissioners?
